

"HE CAN TURN IT AROUND!"

Proverbs 21:1 - *The king's heart is in the hand of the LORD, like the rivers of water; He turns it wherever He wishes.*

[\[CLICK TO LISTEN!\]](#)

After the shocking outcome of the 2016 Presidential Election, I know that many of you are speechless, hopeless, and restless! There was such a heavy spirit that hovered over our country on Wednesday. No one was talking to each other. It was difficult to concentrate and focus on work. Many people were fighting back the tears! Some folk may have even gone and gotten drunk to mask the numbness that was already very present! It was as if we were the Walking Dead – Zombie's, mindless robots roaming about the earth with no aim or goal in view! The wind was definitely let out of our Democratic balloons! It appeared as if our votes really did not matter at all even though Hillary Clinton had the majority of popular votes!

"So what's the point in voting?" I hear many of you asking, in particular our millennial? It is our inalienable right, as a people, to let our voices be heard through our individual vote! Our fore parents marched, were beaten, were thrown in jail and were even brutally murdered at the hands of those who felt we, as a people, weren't even considered to be human, let alone intelligent enough to cast a vote in any election! It would be a disservice to those whose single act of faith, obedience and perseverance produced multiple blessings not only for them, but for generations to come!

Well, I want to encourage you on today. Every vote matters! And every life matters! No matter what we envision the future of our great country over the next four years. No matter who resides in the White House for the next four years. No matter what legislation may get passed over the next four years, I serve a God who has all power! This certainly did not come as a shock to God. He already knew that this day, this hour, this season would come. And guess what? He's already got a plan to sustain and maintain the well-being of His people! The question on the floor is, "Do you trust Him?"

The bible says, "The king's heart is in the hand of the Lord." That means that President Elect Donald Trump's heart is in God's hand. That's good news for somebody on today! Our God is Omnipotent (all powerful). Our God is Omniscient (all knowing). Our God is Omnipresent (present in all places). That means that even though we may be in California, Texas, Louisiana, New York, Detroit or Chicago, God is also in Washington, D.C.

How do we move the hand of God! Through Fasting and Prayer! Saints, if there was ever a time that we need God, it is NOW! We've got to use the arsenal of prayer and bombard Heaven, as a body, as never before! It's time to be about our Father's business and spread the love, the joy and the good news of Jesus Christ to everyone who will receive it! We must let our light so shine that men may see our good works and glorify our Father who is in Heaven! "Works" – that means there must be constant and continuing acts of kindness and love shown toward our fellow man. That means there must be constant and continuing prayers offered up to the Father for our nation, our President and for world peace!

Now is the acceptable time! Time for a Revival in the land! Time for a Pentecost in the land! Time for a great Healing in the land! People of God, it's time to Pray! (2 Chronicles 7:14) – "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

God can turn it around! Do you believe it?
