

## *LIFE*

Realizing that life is short, time becomes a valuable tool to help you rethink whatever plan you have for your life...

My eyes were so opened when it became clear that we are living Beyond The Cross. The Lord Jesus has completed everything He said He would do. This is such Good News for us today!!! Take a second and think about it. You can have whatsoever you say. That's just one of the many Blessing we have in Him...

Listen that one statement will keep your tongue and your mind on Our Lord Jesus Christ causing another Blessing to happen in your life. He also said, He will keep you in Perfect Peace who's mind stays on Him. Come on.....that's something to Shout About!!!! The time we live in and to have Perfect Peace in the mist of this cruel evil world? We are Blessed!!!

Don't ever forget God loves you and has nothing but opportunities for you. He paid the price with his life so you could have an Abundant one.. WOW. What a Mighty God.....
